CERAMIC PLUS

BRAKE PADS

ProMax CeramicPlus Brake Pads are manufactured using positive mold technology to ensure consistency and pad density. Our formulas are 100% Asbestos free.

Other features include:

- OE Fit, Form and Function
- Rubber Coated Hardware
- 100% Post Cured and Scorched for easier break in
- High Content of Ceramic Fibers
- Chamfered, Slotted and Shimmed
- Post-Cured for Long Service Life
- 100% Noise and Dust Free
- Excellent Stopping Power at any Temperature
- Noise and Performance Tested at Link Engineering

BRAKE ROTORS

PROMAX PREMIUM BRAKE ROTORS & DRUMS WITH PAINTED HAT

ProMax Premium Rotors and Drums are manufactured using G3000 material and deliver outstanding durable braking performance. Each rotor and drum is engineered, precision machined and performance tested to meet or exceed the form, fit, and function of the vehicle's original manufacturer specifications.
